- OPEN TO PUBLIC/PARENT PARTICIPATION

The Jobskills Career Expo is the biggest Careers Expo staged in Gippsland and is considered an essential event for the region. The expo attracts up to 3000 students from 33 schools with more than 100 exhibitors. The expo not only focuses on careers but skills development required by local industry.

Baw Baw Latrobe LLEN and South Gippsland Bass Coast LLEN have committed to coordinating the expo into the future, with major stake holders from the 2023 expo committing to this event in 2024 and beyond.

The JobSkills Expo will make available career / job skills information to all 15 to 16 year olds in schools and community based programs in our region. The Expo is a wonderful chance for "new settlers" to the area to gain greater knowledge of what is available for their children. This is an opportunity for your organisation to strategically support this major skills awareness and development activity for Gippsland.
