

Industry experiences that are available through the Baw Baw Latrobe LLEN in 2024

Building the knowledge of the industry skills required for the future world of work

Integrating learning with practical application in the workplace

Immersion in Industry

CAIN ACQUISITION

Integrating
"Work with
learning" &
"Learning with
work"

Building career awareness

Embedding industry challenges in learning

Application

Increasing the awareness of career possibilities

Developing innovation thinking, enterprise skills and dispositions needed in the future world of work

INDUSTRY INVOLVEMENT OPTIONS

If you would like to engage your organisation with one of our activities please reach out: admin@bblllen.org.au

INDUSTRY INVOLVEMENT OPTIONS

	Program	Explanation	Cohort	Duration
Discovery	Apprenticeship nights	Connects students, parents and employers from a variety of apprenticeships & traineeships	Years 10-12	Evening event 2 hrs
	Jobskills Expo	Expo that provides "hands on" activities, advice and information about the various skills, jobs and industries	Years 9, 10 & vocational	1 day per year (23rd July 2024)
	Inspiring Young People	Event where industry professional share their career stories (cohort, age or Industry focused)	Years 9-12	Dinner event 3hrs
	Living Libraries	Connects industry professional with students in small groups to understand career experiences	Years 9-12	2 hours
	Vic Vice	A virtual reality platform that allows students to see, touch and experience different workplaces	Years 7-12	1 hour
	Health Camp	2 day experience introducing student to careers in the health sector throughout the Gippsland region	Years 10-12	2 days (incl. overnight stay)
	Girls in Blue	On-site visit to Police Station, Presentation and Living Library providing insight into the wide variety of career pathways within Victoria Police.	Years 9-12	1 day (17th Sept 2024)
Understanding	Girls in Trades	A trade taster program to enable girls to learn more about the career opportunities available in electrical, plumbing, carpentry & engineering	Years 10-12	8 days over the year
	Engineering Your Future	An introduction to diverse range of engineering fields	Year 10	8 sessions over the year
Skill acquisition	New Energy Technology (NET) Program	An immersive and engaging program that sees mentors from industry working with small student groups to solve real-world problems their industry is facing	Years 8-11	ТВС
	I Am Ready	Students with disabilities and learning challenges participate in hands-on activities to practice employability skills and hear from industry guest speakers	Years 10-12	8 full day sessions
	Project Ready	Students who are at risk of disengagement from school meet weekly to complete classroom and volunteering tasks for a Cert II in Active Volunteering	Years 10-12	1 day/week for the whole year
Application	Structured Workplace Learning	Placement in an industry with an approved employer that relates to students VET studies	Years 10-12	1 day/week for 10 days OR 1-2 week
	Work Experience	Short term industry placement with an approved employer to provide insights into the industry, completed over a max of one year (usually 1-2 week block)	Years 10-12	block

Apprenticeship & Traineeship Nights Latrobe - 19 June 2024 Baw Baw - 26 June 2024

Apprenticeship & Traineeship Information evenings provide tips to students and parents on applying for traineeships and apprenticeships. The evenings create greater awareness for young people on applying for traineeships and apprenticeships in response to Industry expressing a desire to see young people better understand how to complete the application process.

The BBLLLEN Jobskills Expo brings together universities, TAFE's, RTO's, industry, community service organisations, government organisations, emergency services and the defence forces all under the one roof. Young people are engaged with "hands on" activities, provided advice and information about the various skills, jobs and industries that make up our regional work force as well as the opportunity to explore careers and courses on offer from local training organisations.

Inspiring Young People
IYW Baw Baw - 23 October 2024
IYW Latrobe - 11 September 2024

Inspiring Young People events link experienced guests from the local community with young people from local schools to share stories of their career pathways, aspirations and personal journeys. It is an information and knowledge sharing event connecting young people in our diverse community, giving them a sense of what's out there and inspiring them with a 'can do attitude'.

Living Libraries

A Living Library works just like a normal library only in a Living Library, books are people, and reading are conversations. The event aims to build student interest and awareness of fields of work and study and provide industry with an opportunity to share the variety of work opportunities available in Gippsland region.

Health Camp 22-23 May 2024

Health Camp is a two-day experience where students are introduced to a range of Health related careers. In partnership with TAFE Gippsland and Federation University Australia and supported by a range of Health sector partners, students are given the opportunity to gain knowledge on pathways and employment options within the Health sector.

Vic Vice

VIC VICE is a virtual reality careers exploration platform comprised of 360-degree video with interactive touchpoints that enable students to engage and interact with daily tasks that are aligned to the specific roles within the industry.

VIC VICE offers a unique opportunity for industry to showcase career pathways to the next generation of talent.

Engineering Ahead is a program designed to encourage students to explore careers in engineering from Fabricators and Mechanical Fitters to Civil and Electrical Engineering. The program is delivered over six-days across three terms and a one-week work experience element. This program is open to Year 10 students. Participants will visit Federation University, Industry, TAFE Gippsland and Local Government.

Trading Up - Girls in Trades
12-month program

The Trading Up program has been designed to encourage and empower more girls to pursue careers in traditionally male-dominated trades. Participants will gain practical skills and knowledge in various trades, exposure to trades and female mentors, industry visits and awareness of career opportunities available in the construction industry and trades, helping participants to make informed career choices.

The Girls in Blue program will be for all secondary schools across Baw Baw and Latrobe from years 9-12. It is a taster program for girls interested in joining the Police Force. It is a great opportunity to hear about career pathways within Victoria Police such as Forensics, Prosecutions, Highway Patrol, Criminal Investigation Unit and General Duties. The day will include a tour of either Warragul, Moe or Morwell Police Station as well as a presentation and a Human Library.

New Energy Technology (NET) Program 12-month program

The NET Program is a unique opportunity for students to learn about emerging local jobs in new industries; renewable energy, technologies, engineering and new career prospects in existing industries. Using a design thinking model, a series of workshops are delivered providing a specialised approach to problem solving and transferable skill development. Industry mentors play a key role in the NET program, with the chance to network, work collaboratively and provide mentorship.

I Am Ready Program Term 4, 2024

The 'I Am Ready' program is an innovative approach to engaging secondary school students with learning barriers to obtain knowledge, skills and opportunities for real and lasting outcomes in employment, further education and training. The initiative offers three stages to support innovation and industry connections based on best practices in facilitating youth transitions that fosters empowerment and self-direction.

Project Ready 12-month program

Project Ready Project Ready is an experiential work readiness and interactive personal development program. The full-year program incorporates a Certificate II in Active Volunteering including units of group work, design thinking theory, a community project, industry engagement activities, field trips, wellbeing development and communication and diversity training to build on strengths and assist students to successfully transition to further education, training or employment.

Structured Workplace Learning

Structured Workplace Learning (SWL) aims to open up more opportunities for young people aged 15 – 19 years of age to improve their skills and workplace knowledge through 'on the job' experience whether it be via Structured Workplace Learning (SWL) or School Based Apprenticeships/Traineeships (SBAT'S). SWL experiences help students relate theory to a real-world work environment while developing their skills. Host employers supervise and instruct the students as they practice and extend the industry skills they have learned in the classroom.

Work Experience

Work Experience is the short term placement of secondary school students, generally completed in years 9 and 10. The student's role is primarily to learn through observation. They may also be able to participate in entry-level tasks that do not require any specific skills or training.
